Call 320-589-1242 or e-mail morrismnchamber@gmail.com to have your event listed in Friday Facts. Deadline for
submission to next week’s Friday Facts is **Wednesday at NOON**

STEVENS County CARES PPE Application

The Federal CARES Act made monies available to the State of Minnesota. These federal monies were apportioned out into roughly \$841 million dollars to be spent in outstate Minnesota for the purposes of responding to the CoVID-19 Pandemic.

The County Board can determine how to spend these funds under guidance from the state and federal agencies. The County has set aside a portion of these funds (roughly \$20,000) for businesses, governmental units, and non-profits to provide PPE and social distance compliance equipment. The funds are limited, but we are looking forward to assisting as many businesses as possible.

The applicant can ask for help with any PPE items purchased to be in compliance with state or federal guidelines and items needed to respond to executive orders. The expenses must have been incurred between March 1, 2020 and December 1, 2020. **Application deadline is October 31, 2020 at 4:00 pm.** Please complete application at <https://www.co.stevens.mn.us/1122/CARES-Act-Grant-Application>. This is a reimbursement program only. The committee will use funds to grant as much of the request from each applicant as possible.

Applications are due by 4 pm on Friday October 20, 2020 to rebeccayoung@co.stevens.mn.us. Awards will be paid out in the first two weeks in November.

STEVENS County CARES Business Relief Grant Application

The Federal CARES Act made monies available to the State of Minnesota. These federal monies were apportioned out into roughly \$841 million dollars to be spent in outstate Minnesota for the purposes of responding to the COVID-19 Pandemic.

The County Board can determine how to spend these funds under guidance from the state and federal agencies. It was encouraged to spend at least 10% on business relief. The initial budget the Stevens County board established, spends about 40% of the roughly \$1.2 million it received. This money will be available to both for profit entities and nonprofit organizations.

If the applicant meets the eligibility guidelines, the applicant can ask for help with utilities, rent, insurance, PPE, unemployment, payroll expenses, items needed to respond to executive orders, and other costs arising out of business interruption experienced between March 1, 2020 and December 1, 2020.

Please fill out the application located at <https://www.co.stevens.mn.us/1122/CARES-Act-Grant-Application>

Application deadline is October 23, 2020 at 4:00 pm. This is NOT an all-inclusive list. Please see full application and call with questions.

Applicants are asked to state full need in application, even if in excess or maximum grant dollars state in application. This is a county wide program, for businesses and non-profits in Stevens County. This fund may have additional dollars rolled into business relief from other local government units that choose to combine funds with the county program.

We are excited to be planning the HoCo '20 parade! Please note that this year the parade event will have new guidelines/rules. We are following state requirements and we ask for our community to be please be respectful and mindful of these rules so that we can continue this fun tradition for our students!

The parade is planned for Friday, October 9th, starting at 2:30pm. The parade route is listed below.

If you are interested in having a float in the parade, please email Jodi (jarndt@morris.k12.mn.us). Let's make this a FUN week for our students and community! Go Tigers!

DO YOU SUFFER FROM **ALLERGIES?**

Brian A. Brennan, MD
Allergist/Immunologist

Allergy season can be all year for some people, where the change of seasons triggers uncomfortable symptoms for allergy sufferers.

Allergy sufferers may become used to frequent symptoms such as sneezing, nasal congestion or wheezing. Board certified Allergist/Immunologist Dr. Brennan can help identify the causes. Allergists/Immunologists are highly qualified to manage immune system disorders such as allergies, asthma, inherited immunodeficiency diseases, and autoimmune diseases.

You should consider seeking treatment when symptoms either become severe enough or last long enough that they disrupt your ability to carry on day-to-day activities. Difficulty breathing, chronic sinus infections, and severe nasal congestion are strong indicators you should seek medical attention.

Whether it is reoccurring allergy symptoms or more severe cases, Dr. Brennan is here to take a closer look at your allergy problems and to get you back to a better quality of life.

Dr. Brennan is currently taking patients in Morris at Stevens Community Medical Center.

 For appointments with Dr. Brennan call **320-589-7600**.

What's Important Now

With new demands on business, such as supply chain issues, new health/safety standards, increased demands on employees (such as sick days and childcare) and being cash strapped, it can be hard to know where to begin. Join MN SBDC consultant, Deb McGregor as she walks you through a three step process of prioritizing, releasing and delegating to help you decide and act on what's important now.

Current Exhibits

Women's Voices in Stevens County: A Suffrage Centennial

Now-December 30, 2020

The year 2020 marks the 100th year of women voting in the United States. Our exhibit highlights influential women who lived and worked in Stevens County, such as Ida Hancock, Ella Spooner, Elsa Klippstein, Mary Hemming, and Edna Morrison, as well as related artifacts.

Wooden Spoons and Aprons: A Look at Turn of the Century Kitchens

Now-November 20, 2020

Come and learn what tools, gadgets, and kitchenware that a pioneer kitchen contained! We are exhibiting a wide range of pioneer kitchen artifacts including hand-made aprons, butter churns, and much more.

Catch of the Day: Fishing in Stevens County Past and Present

Now-November 6, 2020

Our newest exhibit was put together in collaboration with the Stevens Soil & Water Conservation District. It features a brief history of fishing in Stevens County with artifacts like hand painted lures, fishing rods, and spears. The exhibit also looks toward the future and discusses what can be done to protect and preserve opportunities for water recreation in the area for years to come.
